Lucknow: Taiwan-based Creative Sensor Inc has proposed an investment of Rs 1,141 crore to set up an advanced electronics and sensor manufacturing unit in Uttar Pradesh.

The project is expected to generate over 1,150 jobs, including more than 200 highly skilled positions for local engineers and management professionals.

The company's chairperson, Eugene Huang, met chief minister Yogi Adityanath at his official residence on Monday and expressed confidence in the state's investment ecosystem.

Huang said the rapid development of world-class infrastructure and a positive industrial environment in UP had strengthened global investors' confidence.

"We are excited to be part of the state's development journey by setting up an important manufacturing unit here," he said.
