

INDIA'S HIGHER EXPORTS MAKE CHINA TOP TRADING PARTNER IN 2020

1 For the first time, India's exports to China topped \$20bn, helping slow down the pace of trade contraction

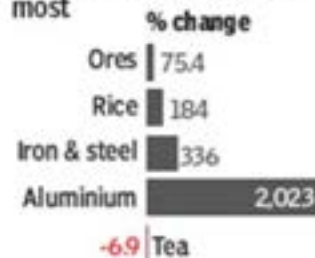

2 Trade with the US fell at a faster clip as imports and exports declined

3 Trade deficit with China hit a 5-year low, surplus with the US at a 4-year high

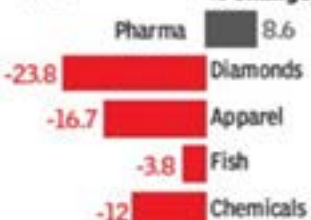

4 Among major exports to China, metals jumped most

5 Import of machinery, plastics down from China

6 Pharma sole shining light among top exports to US

7 Oil, diamonds behind sharp fall in imports from US
