in ease-of-doing business and the Nivesh Mitra portal has played a significant role in encouraging investments.

“Our government has been implementing technology-driven reforms to improve ease of doing business in Uttar Pradesh. Nivesh Mitra is one of the many successful initiatives for ensuring process transparency and investment facilitation in the state. This helped the state catapult from 12th rank to the

second position in ease of doing business in India,” he said.

Services provided through the portal, the minister said, have been consistent and time-bound. He added, this has been an attestation of the state government’s efforts to meet expectations of investors and industries in an efficient manner, leading to an unprecedented volume of investment projects and generation of jobs.

A government spokesper-

son said, the portal was launched by PM Narendra Modi during the UP Investors Summit in 2018 with 69 services from 20 departments. These have now been scaled up to 347 services, which include clearances and permissions for pre-establishment, pre-operation and renewals for enterprises. The portal, said the spokesperson, has become one of the largest single-window portals available in India with many states following UP’s example. It is also equipped with sector-specific licensing services for films, entertainment, drug, clinical establishment and agriculture.

It has a separate section on grievance redressal on which 32,965 grievances have been received from entrepreneurs till now and 31,242 of these have been resolved, giving a resolution rate of 95%. “The ‘User Feedback’ module has received feedback from 2,26,113 users.
