**LUCKNOW:** Exuding confidence in the national infrastructure master plan of Mission 'Gati Shakti', Uttar Pradesh chief minister Yogi Adityanath said that the plan will encourage all to take the country towards a new era, a government statement read.

The statement read that while addressing a virtual meeting organised by the Centre to launch the national infrastructure master plan, the CM, on Wednesday, said, "UP has achieved a big goal in ease of doing business in the past four-and-a-half years.

"Gati Shakti is a practical form of the ritual of worshipping 'Maa Shakti' in Shardiya Navratri, and it is also a practical form of worshipping the nation.

"To make this mission a success, I call upon my entire team from Uttar Pradesh to get associated with this plan and give it their 100%," he said.

He said that state residents are getting an opportunity to introspect about what the role of Uttar Pradesh – which has the largest population in the country – will be.

"It is our good fortune that Uttar Pradesh has already started its action plan for infrastructure development under the guidance of PM Modi. Already with the cooperation of

the government of India, there are many such projects, which are very important for our infrastructure development," he added.

The CM said, "We all know that Gati Shakti is being recognised as the ideal initiative of good governance to build a strong India.

"It is also going to be a powerful means of providing a single-window platform for planning, quick approval and decision making for any project."

The statement said that through Gati Shakti- National Master Plan, India aims to develop holistic infrastructure for manufacturing, multi-modal connectivity, utilisation of resources, timely creation of innovative capabilities and speedy resolution of bottlenecks.

Under this Rs 100-lakh crore national master plan, there will be a better opportunity to provide ample employment to the youth and also to improve their standard of living.
