

Nodal officers participate in capacity-building workshop

LUCKNOW : Nodal and technical officers of various departments of the state government participated in a capacity building workshop on Friday, for implementation of PM Gati Shakti National Master Plan in the state. The workshop was organised at the Remote Sensing Application Centre (RSAC-UP).

Addressing the gathering, CEO of 'Invest UP' Abhishek

Prakash said, "PM Gati Shakti National Master Plan is aimed at creating a system for interconnected and multimodal transportation networks to integrate economic and infrastructure development, improved trade competitiveness, promotion of exports and employment generation."

Abhishek Prakash, who heads the technical support unit

of PM Gati Shakti in Uttar Pradesh, explained about the portal in detail and the three types of data formats - point, line and polygon through which departments could upload their information. Nodal and technical officers of over 25 state government departments concerned with PM Gati Shakti National Master Plan participated in the workshop.
