LUCKNOW: The Uttar Pradesh government is stepping up efforts to send high-level teams to nearly 20 or more countries to hold international roadshows there ahead of the proposed Global Investors Summit-2023 (GIS-23).

The state government hopes to attract investment of Rs 10 lakh crore at GIS-23 to be organised in Lucknow in January 2023.

“Yes, we will be sending five to six teams to hold roadshows in 20 or more countries. Besides chief minister Yogi Adityanath, deputy chief ministers Keshav Prasad Maurya and Brajesh Pathak and ministers will lead the teams to be sent by October-November 2022. We will be

soon working out routes for the teams and ministers heading different departments will visit the countries from where possible investment may be made in the sector linked to their departments,” said Arvind Kumar, infrastructure and industrial development commissioner (IIDC), Uttar Pradesh.

Kumar did not share the list of possible destinations to attract investment for the state government’s teams.

“At this stage, we cannot share the list of countries to be
