

Infra, projects make UP sought-after destination

TIMES NEWS NETWORK

Yogi government's focus to develop UP as the most sought-after investment destination has further gained momentum in his second stint.

With the goal of turning UP into a one trillion-dollar economy by 2027, the government conducted the third ground-breaking ceremony within 100 days of its second tenure.

The event brought commitments worth over Rs 80 crore through 1,406 projects in the presence of PM Narendra Modi and industry bigwigs. Some of these projects, such as Hirandani Group's Data Centre, are set for launch soon.

The government made the

ROAD TO DEVELOPMENT: New expressways will expedite growth in state

341km-long Purvanchal Expressway functional besides dedicating 296km-long Bundelkhand Expressway to the

public.

Experts say both the expressways would expedite the development of Bundelkhand

and Purvanchal regions which had been infamously dubbed as 'backward'.

The work for Gorakhpur Link Expressway and the 594km-long Ganga Expressway is progressing fast.

The government has also cleared decks for development of the Ballia Link expressway which will connect Ghazipur with Ballia.

In addition to the infrastructure, the government is pushing development projects to boost regional and local economies that will create jobs and improve overall quality of life of people.

The Mega Food Park is coming up in Bareilly at an expenditure of Rs 90 crore, the Medi-

cal Device Park is coming up at Greater Noida at an expenditure of Rs 439 crore and the Film City coming up in Noida.

The government has also launched the Atal Industrial Infrastructure Mission to build and boost infrastructure development in industrial zones.

Keeping in mind the future needs of the industry sector, the government is in the process of developing an artificial intelligence and machine learning centre of excellence in Noida.

To achieve the goal of ease of doing business and reduce the regulator compliance burden of industry players, the government has done away with 241 clauses.
