

Businessmen's problems to be solved expeditiously, says Yogi

TIMES NEWS NETWORK

Lucknow: Chief Minister Yogi Adityanayth on Sunday received a demand from entrepreneurs for establishing an industrial area in place of Nagina spinning mill in Bijnor.

Yogi Adityanath, who was on a tour of Bijnor on Sunday, told entrepreneurs and traders that their problems would be solved expeditiously. The CM also inspected the under-construction Mahatma Vidur Government Medical College and planted saplings at the PWD inspection building.

CM Yogi inspected the under-construction Mahatma Vidur Government Medical College and planted saplings at PWD inspection building

in an area of 17.52 acres. In addition, a 48-bed Dharamshala is also being built. A 300-bed hospital is already operating in the district hospital. With the construction of the new

hospital, it will be of 500 beds.

During an interaction with the entrepreneurs and traders at the collectorate auditorium, he said that quality resolution of

problems of people is among the key priorities of the state government. He said that the state government is cooperating fully in promoting organic farming. "Efforts are being made for the youth of the state to get better education and environment," Yogi said, adding that along with getting employment, youth were also becoming job creators. The benefits of various beneficiary public welfare schemes are being extended to the eligible.

The CM appreciated the entrepreneurs for promoting industry, export and organic agriculture in the district, wood arts and One District One Product Scheme (ODOP). During the dialogue, issues related to jaggery industry, crushers and environment were discussed.
