

Samsung in talks with LU for skill sector

TIMES NEWS NETWORK

Lucknow: A delegation from Samsung, led by Samsung India and Southwest Asia CEO, JB Park met chief minister Yogi Adityanath on Saturday. The delegation informed him that in addition to having set up a mobile manufacturing unit in the state, the company was also keen to enter the skill upgradation sector. Park said that the company was in touch with Lucknow University for this and a process had been initiated.

Park thanked the state government for having given the company support for its various investments. He said that during the Covid period, when Samsung units were shutting down across the world, its mobile manufacturing plant in Noida was functioning without any problem.

The CM assured the delegation that the company would be provided full support from the government as per the policy in place for the sector. He also expressed hope that in the near future, Samsung would also invest in various other sectors in UP.
