all applications within a week of them being filed.

A government spokesperson said that a developer will have to apply on a prescribed format and submit it with a detailed project report (DPR) to the deputy commissioner, industries, district industries centre of the concerned district to get benefits of the scheme. The DPR should contain details of owners-

hip, land related to the MSME park with the layout plan, connectivity to the main roads and availability of power line.

On receiving the application, the technical and financial examination of the project will be conducted through a committee constituted by the deputy commissioner, Industries which has to provide its recommendation within a week. After the government issues a letter of comfort to the developer, the original copy of the land documents will be presented by him or her to the deputy commissioner (industries) of the concerned district. "An equitable mortgage form will be prepared by the deputy commissioner (industries) on a stamp of Rs 10,000. In addition, an undertaking will have to be given by the private promoter that a minimum 1 unit per acre is allotted plot and out of the total developed industrial purpose land, 75% will be reserved for MSME," the spokesperson said.
