- *These expressways have scripted a silent transformation in the state, once known for its poor road infrastructure.*
- *No wonder, the state has earned the sobriquet of 'Expressway Pradesh'.*

Uttar Pradesh, the fourth largest state in the country, may be a laggard on social indicators like health and nutrition but the glistening new blacktop expressways that are coming up, crisscrossing the entire state has been the talk of the town.

The state currently has an operational network of six expressways, totalling 1,225 km of length.
