

# Uttar Pradesh To Develop 32 Industrial Cities Along THESE Expressways; Know All Details!

In a significant development, the **Uttar Pradesh** government has unveiled an ambitious plan to construct 32 industrial cities along five expressways in the state. This strategic initiative aims to boost economic growth, create jobs, and elevate Uttar Pradesh's GDP to an impressive \$1 trillion.

## Expressways as Catalysts for Growth

The project will be executed along five key expressways out of which three identified are the Purvanchal Expressway from **Lucknow** to Gazipur, the **Ganga Expressway** from Meerut to Prayagraj, and the Bundelkhand Expressway from Etawah to Chitrakoot. These expressways, maintained by the National Highway Authority of India (**NHAI**), will serve as critical transportation arteries facilitating the movement of goods and people.

## Industrial Cities to Fuel Economic Transformation

Under this visionary plan, 84 villages across 23 districts along the expressways have been earmarked for transformation into industrial cities. The Uttar Pradesh Industrial Development Authority (UPIDA) will spearhead land acquisition efforts, securing parcels ranging from 100 to 600 acres for each industrial city. Once acquired, investors will be allocated plots according to their requirements, ushering in a wave of industries, including logistics, food processing, chemicals, dairy, and information technology.

## Enhancing Connectivity and Infrastructure

The development of these industrial cities will not only create job opportunities but also enhance connectivity and infrastructure. With goods transportation becoming faster and more efficient, businesses will benefit from improved supply chain logistics. This initiative aligns with the state government's "One District, One Product" programme and is poised to inject new life into Uttar Pradesh's economy.

## A Transformative Economic Vision

As the infrastructure development gains momentum, it is expected to have a far-reaching impact, boosting the state's economy and setting the stage for a prosperous future.
