

# **LIVE: India's Q2 GDP At 7.6% | Contributing Factors & Can It be Sustained?**

Indian equity market has given the Q2 GDP print at 7.6% a big thumbs up. A factored-in exit poll outcome is what propelled the Nifty to touch new record highs. Are India's favourable macro cues screaming 'just like a wow'? And can this growth momentum be sustainable? Could doles of freebies disrupt India's fiscal math ahead of the general election? Moneycontrol's Shweta Punj speaks with Amit Malviya, In-Charge of BJP's National Information & Technology Dept, Amitabh Dubey, Incharge of research & monitoring @AICC Media, D K Shrivastava, Chief policy advisor, EY, Vivek Singh, Economist, QuantEco and Indra Shekhar Singh, Agri Policy Analyst in this special broadcast on Moneycontrol.com.
