PM Narendra Modi speaking at the inaugural session of the UP Investors' Summit 2018 in Lucknow on Wednesday.

Uttar Pradesh will have a big boost in the next five years. Almost 10% of the total population of the country lives in Uttar Pradesh... the development story of the country cannot be written without the state.

Here is a new UP PM's dream to make UP a Servation Pradesh. We will continue to invest. UP is fortunate to have ON the Yogi Adityanath. When UP runs power plant stop India becomes economic power.

UP's districts have grown at a rate of 10.4% which is higher than national average. We have made an investment of ₹20,000 crore in UP and have 15 manufacturing plants. We have created 40K direct jobs.

We are committed to participating in growth of different sectors. ICS has strong presence here. We are committed to building a campus for 30,000 employees. We will have a very strong presence in Lucknow.

I will personally monitor all MoUs to ensure their proper roll out and to make sure that no individual faces any problem in setting up his unit. The administration must implement policies of the state government effectively. It (administration) will also be held accountable for its work.

The proposed investments

Details of MoUs signed with private investors on Day 1 of the Investors Summit

The Uttar Pradesh government is taking action against organized crime and corruption and preparing a business corridor environment to make the state a preferred destination for investors.
