

In 3.5 yrs, investment of ₹1.8 lakh cr made in UP

TIMES NEWS NETWORK

Lucknow: In the past three-and-a-half years, investment of Rs 1,88,000 crore has been made in the state, claims the government. Of this, the share of the electronic and manufacturing sector has been about Rs 40,000 crore.

Infrastructure and Industrial Development Commissioner Alok Tandon said that the increased pace of investments, especially during the past one year amid the Covid-19 pandemic, was due to the policy interventions made by the government.

He said that chief minister Yogi Adityanath had pushed for policies related to at least 12 different sectors. Around 186 changes have been brought about.
