

UP to get 2 plastic processing parks

According to the state government spokesman, the plastic parks will be set up on the lines of the Medical Device Park, Toy Park, Textile Park, Leather Park and the Electronic Park.

The Uttar Pradesh Government is all set to develop two plastic processing parks in the state — one in Yamuna Expressway Industrial Development Authority (YEIDA) area and the other in Gorakhpur.

The decision has been taken in view of the growing demand for plastic goods the world over.

According to the state government spokesman, the plastic parks will be set up on the lines of the Medical Device Park, Toy Park, Textile Park, Leather Park and the Electronic Park.
