LUCKNOW: Emphasising that his government brought about drastic improvement in the law and order situation in the state, built investors' confidence and provided security to people, CM [Yogi Adityanath](#) on Friday said criminals were now running for their lives.

Interacting with a group of entrepreneurs from west UP on 'Atmanirbhar Uttar Pradesh', [Yogi](#) said once he met a family which was scared of returning to its native place in [Kairana](#) after the ([Muzaffarnagar](#)) riots.

"I convinced the family to return and also visited them three months ago. There I met a girl, a student of Class 6, who told me she had no problem but there was a goon who was out on bail and was roaming in the locality," he said.

I asked the officials to look into the matter. His bail was cancelled the next day and he was sent to jail again. Only the BJP government is capable of providing such law and order," he said. Charging the previous Samajwadi Party government with orchestrating the Saharanpur-Muzaffarnagar riots, the CM said the then government felicitated the culprits but now they had been forced to leave the state while the families which had to flee Kairana had returned home.

Speaking about the plan to make Uttar Pradesh a USD 1 trillion economy, the CM said that entrepreneurs would have to cooperate with the government to realise the dream. "Over the last five years, investments worth crores of rupees have come to UP, with Rs 66,000 crore being invested after 2020. This created employment opportunities and over 1.61 crore youths got jobs in MSME units," he said.

Speaking about better connectivity through expressways and airports, he said: "Before 2017, one and a half airports were active in the state. Today, nine airports are functional while 12 are being built. There is uninterrupted supply of electricity, availability of land for industries, and the government is making special industrial areas like Film City, Medical Device Park, Pharma Park, Plastic Park, and Toy Park in west UP."
