Lucknow: Chief Minister Yogi Adityanath told a delegation from the US-India Strategic Partnership Forum (USISPF) on Tuesday that UP had the largest population among other Indian states and therefore, the largest market. It also has the largest land bank, various industry friendly policies and strong law and order, he said, adding that USISPF can play a positive role in fulfilling the government's resolve to make UP a US\$ 1 trillion economy, he said while meeting the delegation at his official residence in Lucknow.

"Prime Minister Narendra Modi has described Uttar Pradesh as a state with potential to become India's growth engine. The state is ready to fulfill this responsibility. With planned efforts over the past five years, UP has emerged as the best destination for industrial investment in the country. We are organizing the Global Investors Summit from February 10-12, 2023. This summit is an excellent opportunity to further strengthen Indo-US bilateral trade ties. Cooperation is ex-

pected from USISPF in this important work," the CM said.

He added that there is a huge market in UP and many American companies like Amazon, Microsoft, Adobe, PepsiCo, Synopsis and Walmart are already working in UP.

"We are committed to safeguarding the interests of every single investor in UP. All possible help will be extended to the investors by the state government. Not only will the interests of investors be protected in the state, but we will also ensure their security," the CM promised.
