

Parliament sessions reveal details and data on many aspects of the country at large as MPs pose questions to the government. TOI is diving into the replies made in winter session 2022 to bring you the standout numbers

20 STATES AND UTs TOGETHER GET JUST 4% OF CSR FUNDS IN INDIA

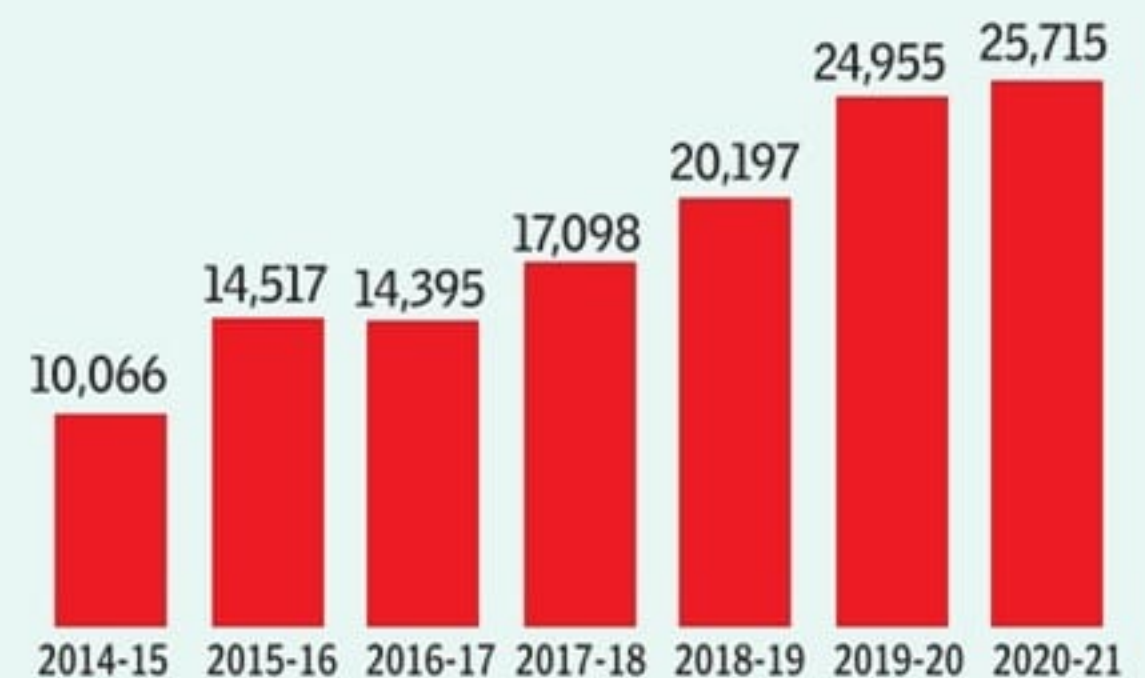

There is a stark imbalance in India Inc's Corporate Social Responsibility (CSR) expenditure. Five states – Maharashtra, Karnataka, Gujarat, Tamil Nadu, Andhra Pradesh – corner more than 33% of the funds while the allocation is a little over 4% for the bottom 20 states and UTs, according to data from the Parliament and the National CSR Portal. The biggest chunk of the expenditure under CSR though is towards pan-India allocation and centrally sponsored schemes.

State-wise CSR spend (2014-15 to 2020-21, ₹ Cr)

There's been steady increase in CSR spending over the years

Financial year-wise amount spent, ₹ Cr

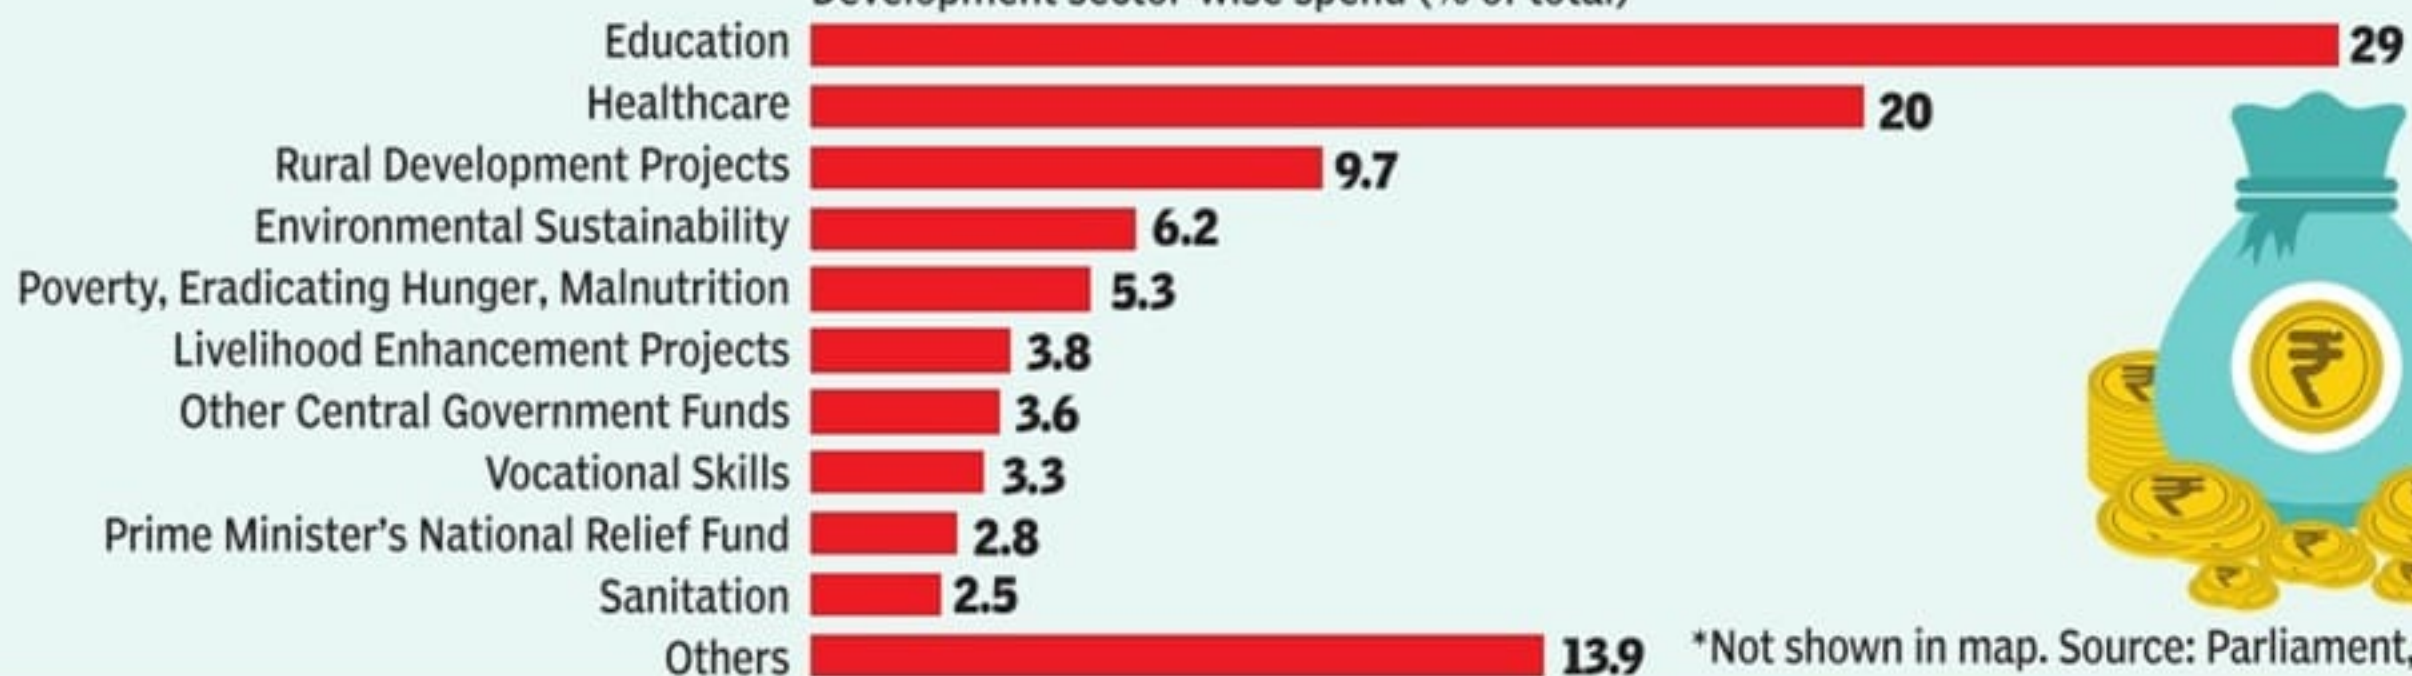

About 80% of spending comes from the non-PSU sector

Ownership-wise CSR spend (2014-15 to 2020-21)

Almost 50% of spending goes to the education and healthcare sectors

Development sector-wise spend (% of total)
