Lucknow: Dassault, the maker of the Rafale fighter jet, informed the state delegation led by deputy chief minister Keshav Prasad Maurya during the Global Investors' Summit Paris roadshow that it was interested in making Rafale offsets in Uttar Pradesh, but that it was looking for an Indian partner.

The team which visited France and the Netherlands has informed chief minister Yogi Adityanath that companies like Philips, Dassault and Safran have expressed an interest in setting up plants in UP.

Another French company Air Liquide also expressed interest in expanding its business in UP.
