**Lucknow:** Multi-country based digital pharma company Partex has expressed the desire to make an investment of about Rs 1000 crore in Uttar Pradesh.

Founder and CEO of the company Dr Gunjan Bharadwaj expressed the intent at the UP Global Investor Summit 2023 roadshow meeting in Paris on Monday.

Partex deals with big data and use of artificial intelligence methodologies for drug development and discovery to improve outcomes in the health sector. "Partex signed an investment intent of Rs 1000 crore to establish Amrit – a patient data ex-
