

DyCM signs MoU with Dutch firm

TIMES NEWS NETWORK

Lucknow: The delegation led by deputy chief minister Keshav Prasad Maurya has signed an MoU with Dutch company Paqell BV, a joint venture of Shell and Paques BV, for investments worth Rs 450 crore for setting up of five biological wastewater treatment

Deputy CM Keshav Prasad Maurya and IT minister Yogendra Upadhyay during an event in Hague

plants and biogas treatment plants in UP.

The government has received an investment intent for Rs 100 crore for setting up a wellness centre, ecotourism resort and IT centre in Mathura. The government has signed an MoU with Valuecent Group for the project.

Vans Chemistry, a Singapore-based technological service provider for local e-waste needs, said that it is interested in setting up collection and pre-dismantling centres in urban areas and re-routing enriched materials for recovery. The company said it is ready to invest Rs 10-15 crore in the project.
