

BIZ AND BANKS HAIL BRAND UP

We are very excited by the arrival of CM Yogi Adityanath in Mumbai. Under his leadership, the law and order situation in UP is improving, people's trust and confidence are growing, and we as bankers and members of the financial system are very happy. The way UP, with a population of 25 crore, has transformed itself is commendable. Progressive policies for economic development, more than 90 lakh MSMEs, infrastructure, sector development, and start-up ecoculture have further strengthened our belief. Under the leadership of PM Narendra Modi and CM Yogi Adityanath, UP is moving towards making a big contribution to the country's growth

Uday Kotak | CEO KOTAK
MAHINDRA BANK

The improvement in law and order in UP has increased the confidence of the business community and industrial houses in the state and that is why they are keen to invest there. In recent years, UP has seen significant investment in its infrastructure. It is quite praiseworthy that important infrastructure components like electricity and roads have improved. These are very important elements for setting up any industry. The state government is also making every possible effort to increase its GSDP, including expanding agriculture, providing an environment for the growth of industries and encouraging start-ups

Dinesh Kumar Khara | CMD STATE
BANK OF INDIA

MSMEs are playing a significant role in the industrialization of the state. The headquarters of SIDBI is in Lucknow. The initiatives taken by the government in the past few months are wonderful. Facilities ranging from credit guarantee schemes to loans for micro and small industries have been provided by the government. We have joined hands with IIT-Kanpur for the Incubation Centre. We are also going to join hands with IIT-BHU. We are starting a greening programme in Moradabad, converting coal furnaces to gas furnaces for brass exporters. We are arranging a fund of Rs 1,500 crore for many big projects, including installation of efficient machinery

Shiv Subramaniam Raman,
CHAIRPERSON AND MD SIDBI

The primary focus of today's conference was the banking industry's collaboration in transforming Uttar Pradesh into a USD 1 trillion economy. The Chief Minister has expected more cooperation from us under India Vision. There has been a lot of development in the infrastructure of UP, be it critical resources, which are very important for all kinds of industrial development or the development of the agriculture sector. Apart from this, we discussed many other issues, in which the development of spiritual tourism in the state was also a very important point

Harsha Bangari | MD ICICI BANK

If today we are industry partners of the Uttar Pradesh Government for UP Global Investors Summit, it's because we want it to happen. We are so impressed with the thinking, vision and methodology of Chief Minister Yogi Adityanath that we ourselves proposed to be a part of the summit

Sanjeev Bajaj | CEO PRESIDENT AND
BAJAJ FINSERV LIMITED CHAIRPERSON

My father had met the UP CM and asked for assurances on law and order. The CM immediately said that we shouldn't worry, as criminals in UP are either in jail or out of the state
