“A lot of focus was on reducing compliance burden and to help the growth of small and micro entrepreneurs (MSMEs), human development and addressing malnutrition,” said a senior official who was present at the second conference of chief secretaries in Delhi.

In a series of tweets on his participation in the confer-

ence, Modi said, “It is my firm belief that we have to continue strengthening our MSME sector. This is important in order to become Aatmanirbhar and boost economic growth. Equally important is to popularise local products. Highlighted why quality is essential in every sphere of economy. In a time when India is initiating unparalleled reforms, there is no scope for over regulation and mindless restrictions.”
