Chief Minister Yogi Adityanath during a televised speech

Lucknow/Chennai: Addressing more than 100 industry representatives through a televised speech in the second domestic roadshow held in Chennai on Monday, ahead of the February's Global Investors' Summit, Chief Minister Yogi Adityanath said that India had witnessed political stability and good governance under Prime Minister Narendra Modi over the past eight years and under his mantra of 'reform, perform and transform', UP had become the growth engine of New India.

"UP has emerged as the foremost investment-friendly state with good governance, zero tolerance policy

against crime, single window portal Nivesh Mitra, MoU tracking portal Nivesh Sarathi, online incentive system, ease of doing business and 25 sectoral policies. We also have the most modern infrastructure among all states," he said.

The CM added that UP's GSDP for 2022-2023 was estimated at Rs 21 lakh crore, a 65% increase since 2016-17. In the same period, the state had seen an average increase of 11% in its economy.
