**Lucknow:** Having signed 108 MoUs worth Rs 7.12 lakh crore with foreign investors, the state government has revealed that the most popular sectors for investment for foreigners have been data centres, logistics park, renewable energy, apparels and textiles,

and film city. The data centre sector has seen investment proposals of Rs 17,000 crore while a close second is logistics park with proposed investments of Rs 16,810 crore.

“The state’s first data centre is ready in Greater Noida. During the road shows in Singapore and Australia,
