

# 'Making edu a medium to link with culture'

TIMES NEWS NETWORK

**Lucknow:** The department of higher education on Sunday received eight investment proposals worth Rs 6,680 crore that would help generate employment to around 13,000 people. The MoUs with the eight investors were signed at the session on 'Decoding National Education Policy 2020' on the concluding day of GIS on Sunday.

Higher education minister Yogendra Upadhyaya said, "We must keep all doors of education open. The NEP which brings into place the learnings from the past traditional into the present modern society and ensures that with inclusion of 'sanskaar' (Indian traditions and culture), 'sansaar' (world), there will automatically be 'rojgaar' (employment) will automatically be generated."

"It is our goal to make education a medium of knowledge by connecting it to culture. Obtaining knowledge is more important than mere reading. Although it is possible to forget what we read, learning cannot be undone," he said.
