

Investing in Uttar Pradesh means accelerating India's economy: Hon'ble CM

Yogi Adityanath meets Dutch delegation of investors Netherlands

Uttar Pradesh is the best for Investment in food processing: CM

Government will cooperate fully, your investments will be safe: Yogi

Lucknow, February 11: Chief Minister Yogi Adityanath on Saturday met with a delegation from the Netherlands, a partner nation with GIS-23. While welcoming the delegation, CM Yogi said that investing in Uttar Pradesh means accelerating India's economy.

During the meeting, the Dutch delegation, led by the High Commissioner of the Netherlands to India, Marten van den Berg, shared their investment experiences in Uttar Pradesh with CM Yogi.

Expressing his gratitude to the Netherlands government, CM Yogi said, "Our partnership would be further strengthened by joining the Netherlands in GIS-23 as a partner country. With this, Uttar Pradesh's economy would develop in line with Prime Minister Narendra Modi's goals."

He mentioned the vast opportunities that exist in Uttar Pradesh, saying that even though the state owns only 11 per cent of the country's land, it produces 20 percent of India's food grains. The finest place to invest in food processing is in Uttar Pradesh.

The Chief Minister added further: "We have increased the additional irrigation capacity of 23 lakh hectares of land in the agriculture sector in the state. "In terms of milk, potatoes, and sugarcane production, UP leads the nation."

The CM emphasised that a favourable environment for investment has been created in Uttar Pradesh as a result of improved law and order, robust connectivity, and the availability of uninterrupted power.

"Uttar Pradesh is the first state to adopt FDR technology to improve the state's roads, which other states throughout the nation are also adopting. We have connected all the parts of the state through 5 expressways. Our inter-state connectivity has significantly improved. Today, travelling to and from any state from Uttar Pradesh is quite simple and convenient," said Yogi.

He assured them that their investment would be safe and that his government would fully support them.

More Dutch firms want to invest in UP: High Commissioner Marten van den Berg

Netherlands High Commissioner, Marten van den Berg, congratulated the Chief Minister on organizing GIS-23. He said that the investor conference is very effective. This conclave has been successful in attracting investors to invest in UP.

Introducing the representatives of Dutch companies, the High Commissioner of the Netherlands said that Uttar Pradesh has immense potential in the food, energy, and manufacturing sectors. He expressed gratitude to the Chief Minister for the support provided by the government to the Dutch businesses and stated that more Dutch companies are willing to invest in Uttar Pradesh in the future.
