

“ We are deeply connected to India for research, transnational education partnership as well as foreign exchange. As a result of the National Education Policy-2020, we have many universities interested in opening campuses in various states of the country, and Uttar Pradesh is one of them

**Adrian Mutton** | FOUNDER AND CEO, SANNAM S4

“ India will soon become a top destination for manufacturing and a skilled workforce is integral to achieve this vision. The development of a skilled workforce is crucial to India's growth. Tata Technologies-led industry consortium will upgrade 150 govt ITIs with an investment of Rs 5500 cr

**Sushil Kumar** | VICE PRESIDENT & GLOBAL HEAD, TATA TECHNOLOGIES

“ UP govt's focus on industrial development has invigorated several sectors, particularly skill building and knowledge acquisition. The canvas of education is set to change and industry-driven curriculum has become the need of the hour. We have entered into an MoU with the UP govt to make the most of this opportunity

**Vinay Krishna** | CEO, JIGSERV DIGITAL PRIVATE LTD

“ Global Investors Summit proved to be a learning experience for investors like me who are interested in knowing what others in the same sector are doing, and how much competition there is for new businessmen. In the investors summit, I got an overview of the benefits of investment in different cities of the state

**Ashok Singh** | ENTREPRENEUR

“ The Global Investors Summit has opened many opportunities as foreign investors are on the look out for local support. Hence, we can join hands with them in any sector. I am looking for an investment opportunity in road construction sector. The event was quite helpful in understanding the scenario

**Sandeep Sahni** | BUSINESSMAN
