

'UP to become warehousing hub soon'

TIMES NEWS NETWORK

Lucknow: Stressing on the need to reduce cost of logistics in the country, Union minister of state

for commerce and industry Anupriya Patel on Sunday said that the goal could be achieved if

UP continued to reduce its logistics cost.

Speaking at a session on 'UP as the emerging hub of warehousing and logistics' at the Global Investor Summit, Patel said the central and state governments were working towards achieving this goal as one unit. "The state government's policy on warehousing and logistics will encourage the private sector and it should take full advantage of this opportunity," she said. Union minister of state for commerce and industry Som Prakash said: "The government is working to ensure that logistics issues are minimized, exports increase and small-scale industries flourish."
