The dream has been to take UP towards a one trillion-dollar economy and the idea was to share this dream with the global community. The theme was to showcase new Uttar Pradesh of new India and the occasion was the grand UP Global Investors Summit 2023. The result was a resoundingly successful summit graced by 10 partner countries (Netherlands, Denmark, Singapore, Japan, South Korea, Australia, the United Kingdom, United Arab Emirates, Italy and Mauritius), more than 1,000 foreign delegates from 40 countries, four ministers from partner coun-

Imbibing the 'reform, perform, transform' vision of PM Narendra Modi, UP has worked diligently to build world-class infrastructure in UP along with better law and order promoting a conducive environment for investments. The success of GIS 2023 is the direct result of this

tries, 17 central ministers, five ambassadors/high commissioners and more than 25,000 delegates, including national-international investors and other dignitaries. The event became the 'mahakumbh' of think tanks and country leaders like Droupadi Murmu, President of India; Narendra Modi, Prime Minister; Anandiben Patel, Governor, Uttar Pradesh and Yogi Adityanath, Chief Minister. Top industrialists, including Kumar Mangalam Birla, chairman, Aditya Birla group; Mukesh Ambani, chairman, Reliance Industries; and N Chandrasekaran, chairman, Tata Sons also participated in the event. UP garnered investments of more than Rs 33.52 lakh crore with the possibility of generating an employment to the tune of more than 93 lakh.

Addressing the inaugural event, the PM remarked, "The state is witnessing holistic development, and has changed its 'soch' and 'approach' for ease of doing business. Today, Uttar Pradesh has become a hope for the world and is driving country's overall growth. UP has also benefited greatly from the work that has been done to increase its social, physical, and digital infrastructures." Taking to twitter he had written, "UP's development strides have drawn several investors to the state. This has created opportunities for the youth of the state."

Speaking at the summit, Rajnath Singh, India's defence minister said that Uttar Pradesh has full capability to reach any height. "I am well aware of the capabilities of this state. In the coming times, the defence corridor of UP will prove to be the backbone of

the country's strategic power. Today, work on infrastructure and connectivity has been done at a very fast pace in UP. We all know how the system was here earlier. Today the Yogi government has made UP completely investment friendly," he stated.

"This was 'the' event in the history of Uttar Pradesh. This summit is going to prove to be an important step towards fulfilling the aspirations of its 25 crore people, the expectations of the youth as well as making the economy of Uttar Pradesh a \$1 trillion economy," said an elated CM Yogi Adityanath after the spectacular success of the scintillating event organised in the sprawling Vrindavan yojana ground in the state capital, inaugurated by none other than the PM Narendra Modi on February 10. "We have 406 services of 33 departments available on the online single window portal 'Nivesh Mitra' and 'Udyami Mitra' is being deployed to assist the investors. I believe not only in Ease of Doing Business but also in the Ease of Starting Business," the CM added.

Imbibing the 'reform, perform, transform' vision of PM Narendra Modi, UP has worked diligently to build world-class infrastructure in the state along with better law and order promoting a conducive environment for investments. Experts say that the expected success of GIS 2023 is the direct result of this. Today, Uttar Pradesh is fully prepared to implement these investment proposals on ground and will move in this direction at a rapid pace.

Speaking at the summit, investors like Mukesh Ambani expressed their confidence in

PREPARATIONS AHEAD OF UPGIS

The action plan of the Yogi government to invite investors from all over the world to invest in Uttar Pradesh was a tremendous success. This, in fact, was a matter of pride for Uttar Pradesh that 21 roadshows were organised in 16 countries by respective teams of UP ministers and officials. They received encouraging response and paved the way for huge investments from various countries. The success of the roadshows abroad made UPGIS a historic event. In addition to this, the roadshows by Team UP in nine cities of India also met with an encouraging response. Investors Meets were organised locally in all 75 districts of the state where investment proposals worth crores were received

Mukesh Ambani announced investment of Rs 75,000 crore

Addressing the inaugural ceremony of UPGIS 2023 in

Lucknow, Mukesh Ambani, chairman and MD, Reliance Industries, claimed that his latest investment would create around 1 lakh new jobs in the state. The fresh tranche of investment, he said, was in addition to Rs 50,000 crore that the Reliance Group had already committed to UP after 2018. Ambani said, "The golden phase of UP has just begun," and termed the summit as 'Vikas ka Mahakumbh' (congregation of development).

Aditya Birla Group announced an investment of Rs 25,000 crore

Kumar Mangalam Birla, chairman of Aditya Birla Group, announced that his group will invest around Rs 25,000 crore in cement, metals, chemicals and finance sectors in the state. "UP is vital for India realising its \$5-trillion economy target," he said. Reminding the gathering of PM Modi's 'Upyogi' moniker given to CM Yogi, Birla added that the industry was watching Uttar Pradesh's development roadmap under CM Adityanath, with great interest.

Tata Sons announced an integrated multi-modal air cargo at Jewar airport

N Chandrasekaran, chairman, Tata Group, underlined India's dream of becoming a \$25-trillion economy in its 100th year of independence is "very much achievable" and that India is "well on its path" towards the goal. Tata Group, which has 18 companies in UP, was in an expansion mode and the Tata Consultancy Services (TCS) and Air India has investments in the pipeline for UP. "Air India has a plan to connect UP to all the parts of India," Chandrasekaran said.

Jewar airport will be an aviation landmark

Daniel Bircher, CEO, Zurich Airport Asia, said, "The team is putting together its years of experience and global expertise spanning across 3 continents to make Noida International Airport an aviation landmark of which UP and the nation can be proud. The airport will be a true blend of Swiss efficiency and Indian hospitality." UP government had not only paved way for smooth land acquisition and speedy clearances, but it also had wisdom and foresight to plan for the future. The government has started acquiring land to north and south of the upcoming airport, paving way for future development of the airport for decades to come.
