

The UP Global Investors Summit-2023 has been successfully organized under the inspiration of Hon'ble President Smt. Droupadi Murmu Ji and under the guidance of visionary Prime Minister Shri Narendra Modi Ji. National-international investors and other dignitaries enthusiastically participated in this event and took the prestige of Uttar Pradesh to a new level. This will give a new impetus to the industrial development of the state and will help realize the mantra of 'Sabka Saath-Sabka Vikas'. Now Uttar Pradesh is fully prepared to implement these investment proposals on the ground and will move in this direction at a rapid pace

Yogi Adityanath, Chief Minister

THE EPICENTRE OF PROGRESS

UP, drawing inspiration from PM Narendra Modi and under the dynamic leadership of CM Yogi Adityanath, has proved to the world that if there is a will there is always a way. The state has imprinted the global memory with its remarkable transformation, while becoming a benchmark in reformations and performance-driven governance

Ith a strategic and tactical approach to bridge demand and supply gaps across sectors and initiate a more value-driven policy framework, Team Yogi went to work and emerged with a completely new structure and orientation towards good governance, Ease of Doing Business and crime-free regime. And the efforts have landed UP right in the centre of opportunities. Positioned to change and lend momentum to India's future-forward growth, UP is emerging as the new powerhouse of manufacturing, IT, engineering, data, revenue surplus and employment.

Speaking at the summit, acknowledging UP's central role in the future of India, PM Narendra Modi, observed, "Uttar Pradesh today is known for good governance, better law and order, peace and stability. The state boasts of modern infrastructure and very soon it will be known as the first state to have 5 international airports in the country while getting connected to the sea and the ports of

Gujarat and Maharashtra through a dedicated freight corridor. New opportunities are being created for wealth creators in the state every day. The state in which you are sitting today has a population of 25 crore, which is higher than the population of many countries. Today, work is being done on social, physical, and digital infrastructure in India and UP has got the maximum benefit from it."

Inviting investors to invest in Uttar Pradesh, the PM added that the Uttar Pradesh government and the bureaucracy have embarked on the path of progress with determination. "To make your (investors and entrepreneurs) dreams come true, it is standing with you at every step."

Praising the commendable work done, the PM also acknowledged the good work that has been done in UP in the field of education and skill development. Many institutions like Mahayogi Guru Gorakhnath Ayush University, Atal Bihari Vajpayee Medical University, Raja Mahendra Pratap Singh University and Major

Dhyan Chand Sports University are on the precipice of preparing youth for different skills. More than 16 lakh youth of UP have been trained in different skills under the 'Skill Development Mission' so far. "UP government has also started courses related to artificial intelligence at PGI, Lucknow and IIT, Kanpur. It is a matter of great pride for Uttar Pradesh that, this time, four universities of Uttar Pradesh have made India proud in the NAAC evaluation," he added.

Poised as the 'growth engine' of new India, role of UP in the start-up revolution of India is gaining momentum wherein the UP government has set a target of setting up 100 incubators and 33 state-of-the-art centres in the coming years. "That is, the investors coming here are also going to get a huge pool of skilled and qualified youth," PM Narendra Modi added. The Prime Minister also talked about the strong network of MSMEs consisting of many industries linked to tradition and modernity, mentioning in this context

Poised as the 'growth engine' of new India, role of Uttar Pradesh in the start-up revolution of India is gaining momentum wherein the UP government has set a target of setting up 100 incubators and 33 state-of-the-art centres in the coming years

Bhadohi's carpets and Varanasi's silk. He said that with the presence of clusters like Bhadohi carpet cluster and Varanasi silk cluster, UP is the textile hub of India. He added that today, more than 60% of the total mobile manufacturing in India as well as maximum of its components happens in Uttar Pradesh alone. With work fast progressing on the two

defence corridors of the country, one of which is in UP, India is fast emerging as the manufacturing destination through its 'Make in India' defence equipment, a market which is continuously growing. The state is already committed to providing maximum 'Make in India' defence systems and platforms for the Indian Army.

The Prime Minister urged the investors to also explore opportunities in dairy, fisheries, agriculture and food processing sectors in Uttar Pradesh since the state has immense possibilities in these sectors. He said that UP has a wide variety of fruits and vegetables, but the participation of the private sector is still very limited in this sector in the state. He added that the 'Production Link Incentive Scheme' has been brought for food processing for investors to take advantage of. "Smaller investors can use Agri Infra Fund. Provision has been made in the budget to develop huge storage capacity across the country. This is also a great opportunity for small investors." he added

The UPGIS also saw the participation of Amit Shah, home minister and Nitin Gadkari, union road transport minister who had some very encouraging words to share with the attendees at the summit. Speaking at the event, Amit Shah, said that the double-engine government of Prime Minister Narendra Modi and UP CM Yogi Adityanath created a business friendly ecosystem in Uttar Pradesh, due to which the confidence of investors has increased and the public is getting its benefits.

Taking the platform to address the eminent guests present at the Investors Summit, Nitin Gadkari said that Uttar Pradesh has become an ideal state for investment and the EV Policy of the Yogi Adityanath government only aids to this. "We import fuel worth Rs 16 lakh crore. But we need to become a nation that does not import fuel, but exports it. While green fuel has the potential to do so, UP as a state has the highest potential to achieve this goal," Gadkari added.
