

Yogi Gives Credit To Team Of Mins, Officers For Identifying 10 Priority Sectors

State made giant industrial strides, nine-fold growth in investment: CM

Shalabh@timesgroup.com

Lucknow: Recounting the giant strides UP has taken in the field of industrial development, CM Yogi Adityanath on Saturday said that from Rs 4 lakh crore worth investment portfolio in 2018, the state is looking forward to secure investments worth Rs 35 lakh crore through the global investors summit organised in February this year, a nine-fold growth trajectory not seen in any other state of the country within five years.

To achieve holistic development of Uttar Pradesh, Yogi credited his core team of ministers and officers for identifying 10 priority sectors within the first year of its second tenure. With objectives set, the Yogi government appointed an additional chief secretary-rank officer to monitor the headway being made under each priority sector through a centralised online dashboard.

Sharing more details, a senior government officer said that 241 regulatory compliance hurdles have been removed to speed up industrial growth

in the state. "For the first time, UP has direct access to a port. A waterway has been established between Varanasi and Haldia in West Bengal last year which will help us in exporting goods," said Yogi.

From two operational airports in 2017, the state has nine airports. Yogi also assured the crowd which had gathered to listen to him that within the next two years, UP will be the only state in the country to have five operational international airports.

Network of expressways have already improved connectivity to backward parts of Bundelkhand and Purvanchal and industrial corridors are being set up in the two ignored regions, the CM said.

For the first time musaher, tharu, vantangiya, kol, sahariya caste and community members have been brought into the mainstream and have been able to draw the benefits of the government schemes, said Yogi.

'GOVT WORKING FOR WELFARE OF ALL'

CM Yogi Adityanath, deputy chief ministers Brajesh Pathak and Keshav Prasad Maurya, and UP BJP chief Bhupendra Chaudhary release a poster on one year of the second term of BJP govt

“I am sure many of you are not aware that UP is the largest manufacturer of smartphones in the country. We are going to have India's biggest robotic plant

“40,000 women have been recruited in police dept in a transparent manner. Our administration is stable as DMs and SPs are not shuffled frequently

“UP is riot-free, infrastructure has been strengthened and there is no district in the state where the youth has not been selected for government jobs. We are giving opportunities to youths of all sections without discrimination

“Everybody knows that during coronavirus pandemic, ODOP Scheme helped workers & artisans get work according to his/her skills

“UP emerged as a role model for the entire country during pandemic

“₹3.5 lakh crore has been transferred directly to their bank accounts

“Caste, religion, region or language is not our concern. Our priority is the welfare of the poor, farmers, youth and women

“UP will not be known for mafia but for 'mahotsav' (festivals). I thank people for their support

'UPKhushHaal' trends on Twitter

As the Yogi government 2.0 completed its one year in office on Saturday, Yogi Adityanath became the first UP CM to hold the office for 6 years in a row. Hashtag #6SaalUPKhushHaal continued to be the most popular trend on Twitter. It reached more than 85 crore Twitter users. At the same time, through this hashtag more than 21,000 times people praised the achievements of the UP government under Yogi's leadership.

'BJP disconnected with ground reality'

BJP chief on Saturday hit out at the BJP government for the money being spent on advertisement and publicity to mark the completion of six years in office and said that it all would have been justified if the hefty claims made by the double-engine BJP government had even the remotest connection with the reality on ground. She said the claims made by the government about "UP being prosperous" exist only on papers.
