

INOX Air Products commissions 21-MW captive solar plant in Uttar Pradesh

New Delhi: INOX Air Products on Monday said it has commissioned a 21.3-megawatt (MW) open access captive solar power plant at Bangarmau in Unnao, Uttar Pradesh.

According to the official press release, the plant has been commissioned by Sunsure Energy, a Haryana-based solar power developer. It added that the plant is built with an investment of Rs 100 crore.

“With the commissioning of our first open access captive solar power plant in India, we have taken a giant step towards our net zero goals. With the commissioning of this plant, we will offset a significant amount of carbon emission, and contribute towards a cleaner and greener future,” said Siddharth Jain, Managing Director - INOX Air Products.
