---

INOX Air Products (INOXAP) has commissioned a 21.3 MWp open access captive solar power plant at Bangarmau in Unnao, Uttar Pradesh.

This plant, built at an investment of Rs 1 billion, is the largest investment made by the company in renewable energy. The plant has been commissioned by Sunsare Energy. The solar plant will supply over 31 million units of green power to INOXAP's units in Uttar Pradesh, offsetting 28,000 tonnes of CO2 every year, for the next 25 years. The project was completed within a period of nine months.
