

# Metro To Link Two NCR Airports: DMRC Submits Detailed Project Report For New Delhi-Greater Noida Metro Corridor

by **Ankit Saxena** - Thursday, July 13, 2023 10:08 AM IST

The 72-km planned metro connectivity will be constructed of two phases. (Representative Image).

## Snapshot

- *This proposed corridor is part of the longer metro network aimed to connect the two international airports — the upcoming Noida International Airport (NIA) in Jewar and the Indira Gandhi International Airport (IGI) in Delhi.*
- *The 36.36 km link between New Delhi station and Greater Noida's Knowledge Park-2, is proposed to have seven stations.*

The Delhi Metro Rail Corporation (DMRC) has submitted the detailed project report to the Yamuna Expressway Industrial Development Authority (YEIDA) — for the proposed metro corridor between New Delhi railway station and Greater Noida Knowledge Park-2.

According to officials familiar with the project, the detailed project report (DPR) has proposed around seven stations along this part of the metro corridor.
