

Yogi: MoU will give avenues for farmers to boost milk prdn

►Continued from P 1

According to the MoU, the two major Brazilian companies will work together with Ananda Dairy for the production of nutritious animal feed and cattle breed improvement.

The CM said that the MoU between reputed dairy conglomerate Ananda Group and Brazilian companies, Amireia Pajoara and BH Embriões, will provide avenues for farmers of Uttar Pradesh to increase milk production through use of advanced technology in nutrition and breeding of milch animals.

Earlier, Brazilian Ambassador to India Kenneth Nobrega expressed happiness over his arrival in Uttar Pradesh and said that this business agreement signed between the reputed companies of the two countries will further strengthen the mutual relations between the two countries.

Meanwhile, the representatives of Ananda Dairy and the two Brazilian firms also shared their future plans with CM Yogi.
