Highlighting development in railway sector, he said that from 2009 to 2014, only Rs 11,000 crore was allocated to UP for railways. "Now, railways in UP are being developed with a

"While India is emerging as an economic powerhouse globally, the PM's effort is also to make the world aware of India's spiritual strength," he added. He said, "Now, airplanes like Boeing and Airbus will also land in Ayodhya and flights to Delhi and Ahmedabad will be operated from here. Ayodhya will be connected to every corner of India."
