

'Krishi Udan Scheme to be added advantage for FPOs'

► **Continued from P 1**

A PEDA chairman Abhish-ek Dev complimented the exporters, FPOs and other stakeholders of Varanasi region, where there had been no export of agriculture products, for taking the export to the significant level in the last 3-4 years. "The Krishi Udan Scheme (KUS) will bring an added advantage for FPOs and exporters. APEDA will be regularly facilitating the FPOs and exporters to

gear up the agri-exports from the country," he added.

Krishi Udan 2.0, implemented at 53 airports across the country, primarily targets Northeast and tribal regions, promising benefits for farmers, freight forwarders, and airlines alike. The workshop, jointly organised by APEDA and MoCA, aimed to increase the air model mix's share in transporting agri-produce, fostering sustainable and resilient agri-produce value chains.
