

New portal to soon give one-stop solution for biodiesel in state

TIMES NEWS NETWORK

Lucknow: The UP Electronics Corporation Limited will create a portal for Uttar Pradesh New and Renewable Energy Development Agency (UPNEDA) that will be 'one-stop solution' for tasks related to production, storage, purchase and distribu-

FUEL PUSH

tion of biodiesel in the state.

Biodiesel is an alternative fuel similar to conventional or 'fossil' diesel. It can be produced from vegetable oil, animal oil/fats, tallow and waste cooking oil.

The portal will be operated in both Hindi and English and include features like logins for UPNEDA officials, public officers and district magistrates, along with monitoring mechanism. Additionally, it will include vital information on the state go-

vernment's policies on biodiesel and various other important details. The portal will work seamlessly by integrating with 'Nivesh Mitra'.

The website will have features like applicant registration, approval, NOC, payment, renewal and reporting modules, query submission, SMS and e-mail integration, cloud server, security audit, helpdesk module and SSL for web server domain.

It will also include a dashboard having login interfaces like applicant login, manufacturing unit and retailer unit. Based on 'responsive design technology', the portal will also have data transfer bandwidth of 1000 gigabytes per second and backup storage of up to 500 gigabytes disk-to-disk. Additionally, it will have the feature of live telecasting. It will be user-friendly, enabling a quick dispute-resolution process.
