Lucknow: Ayodhya, which is fast developing into a global city, is also experiencing economic prosperity, said a government official on Sunday while citing export related data.

In the last one year, Ayodhya's exports across various sectors soared from Rs 110 crore in 2021-22 to Rs 254 crore in 2022-23, demonstrating a remarkable 130% increase.

"This exponential growth speaks volumes about the city's burgeoning potential and the effectiveness of the government's development initiatives," the official said while crediting the leadership of Yogi Adityanath for the change.

Gaurav Dayal, commissioner of Ayodhya, confirmed that this is indeed a transformative period for the city.
