The day also featured a spotlight event organised by 2030 Water Resources Group (WRG), titled 'Uttar Pradesh as an Investment Destination for Low Carbon Sustainable Agriculture,' held at Promenade 49 of the UP Pavilion. Attended by global industry leaders and CEOs, such as Paul Bulcke, chairman, board of directors, Nestle, Juergen Voegelé, vice president, sustainable development, World Bank, Ranveer Chandra, managing director & CTO, Microsoft, Gabriela Burian, global director of strategic partnerships at Bayer, Jai Shroff, chairman and group CEO at UPL and Michael Webster, programme director 2030 WEG and others, the event showcased Uttar Pradesh's commitment to sustainable agriculture.

During the event, the Uttar Pradesh government delegation, represented by agriculture production commissioner and infrastructure and industrial development commissioner, Manoj Kumar Singh, emphasised that the state, primarily an agrarian economy, aims to become the 'Granary of the Nation' by 2030.
