Till 2014, India had 74 airports, it's now doubled

The states and UTs with one airport are: Delhi (India's busiest airport), Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, Telangana (Hyderabad), Tripura, Andaman & Nicobar, Lakshadweep, Chandigarh, Daman & Diu, and Ladakh.

In all, the total number of airports or cities in India supposed to get regular flights this summer as per DGCA approved schedule is at 125. Till 2014, India had 74 operational airports. In the last 10 years, the number has more than doubled.
