Delhi based [real estate](#) developer [Numax Realcom](#) Consortium, will develop an integrated township in Uttar Pradesh's Muzaffarnagar with an investment of Rs 1,000 crore.

It has received approval from the Muzaffarnagar Development Authority to construct an integrated township.

The license permits the construction of plots, villas, commercial complexes with independent floors, schools, police stations, and more within this township, strategically situated near the Delhi Dehradun Expressway in Muzaffarnagar, Uttar Pradesh.

“The development of this modern township is poised to generate employment opportunities for over 1000 individuals,” said [Sunil Goel](#), Managing Director of [Numax](#) Realcom Consortium.

Numax Realcom Consortium, led by Sunil Goel, has delivered world-class townships in cities like Bhiwadi, Indore, Jaipur, and Vrindavan over the past two decades.

“Numax Realcom Consortium has been given this license to develop a township on 77 acres, under which they will be able to build an integrated township on the basis of RERA rules and approval of the authority,” said Aditya Prajapati, Secretary of MDA.

Muzaffarnagar is witnessing rapid development, with ongoing efforts to enhance connectivity with neighboring cities through well-maintained roads and rapid rail networks.
