

Workshop by UPEIDA

A technical workshop was recently organised by UPEIDA (Uttar Pradesh Expressways Industrial Development Authority). The event was chaired by Manoj Kumar Singh, IIDC and CEO, UPEIDA. During the workshop, he emphasised the importance of timely completion and high-quality construction for the expressway. He directed the engineers, authority engineers, and contractors to be present at the construction site and ensure uncompromised quality.

Professor Dr Dharamveer Singh, IIT Bombay, shared his experiences with UPEIDA officials and EPC contractor, concessioner, authority's engineer, consultants on quality construction of flexible pavement etc. and various causes of road damage.

The officers of UPEIDA headquarters, engineers, contractors and consultants posted on various expressways participated. The chief engineer and other senior officials of UPEIDA welcomed the guests and thanked them and emphasised on organising such technical workshops from time to time.
