Potential for fast-track growth

Integrated textile parks and niche product export promotion to enable scale up of MSMEs

Future Development Opportunities

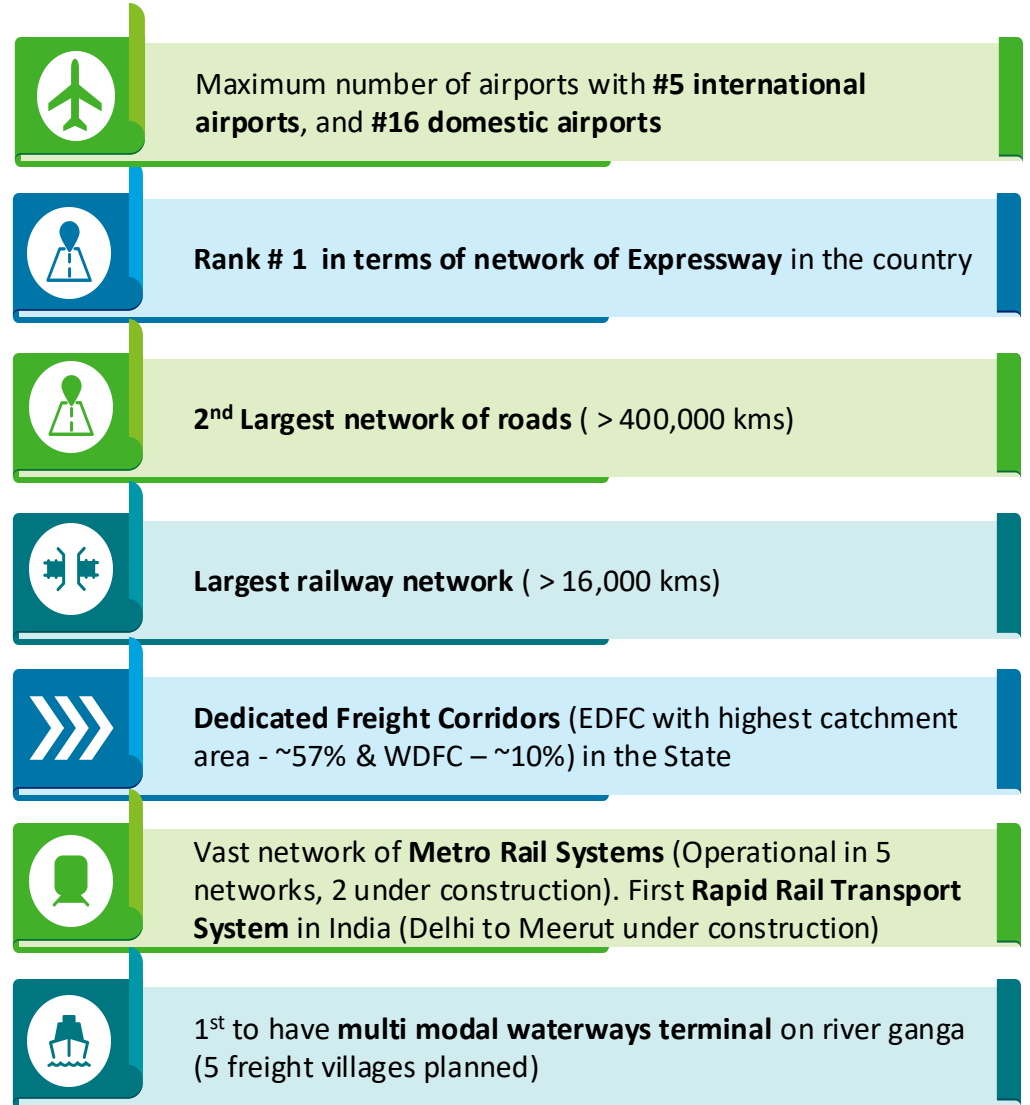

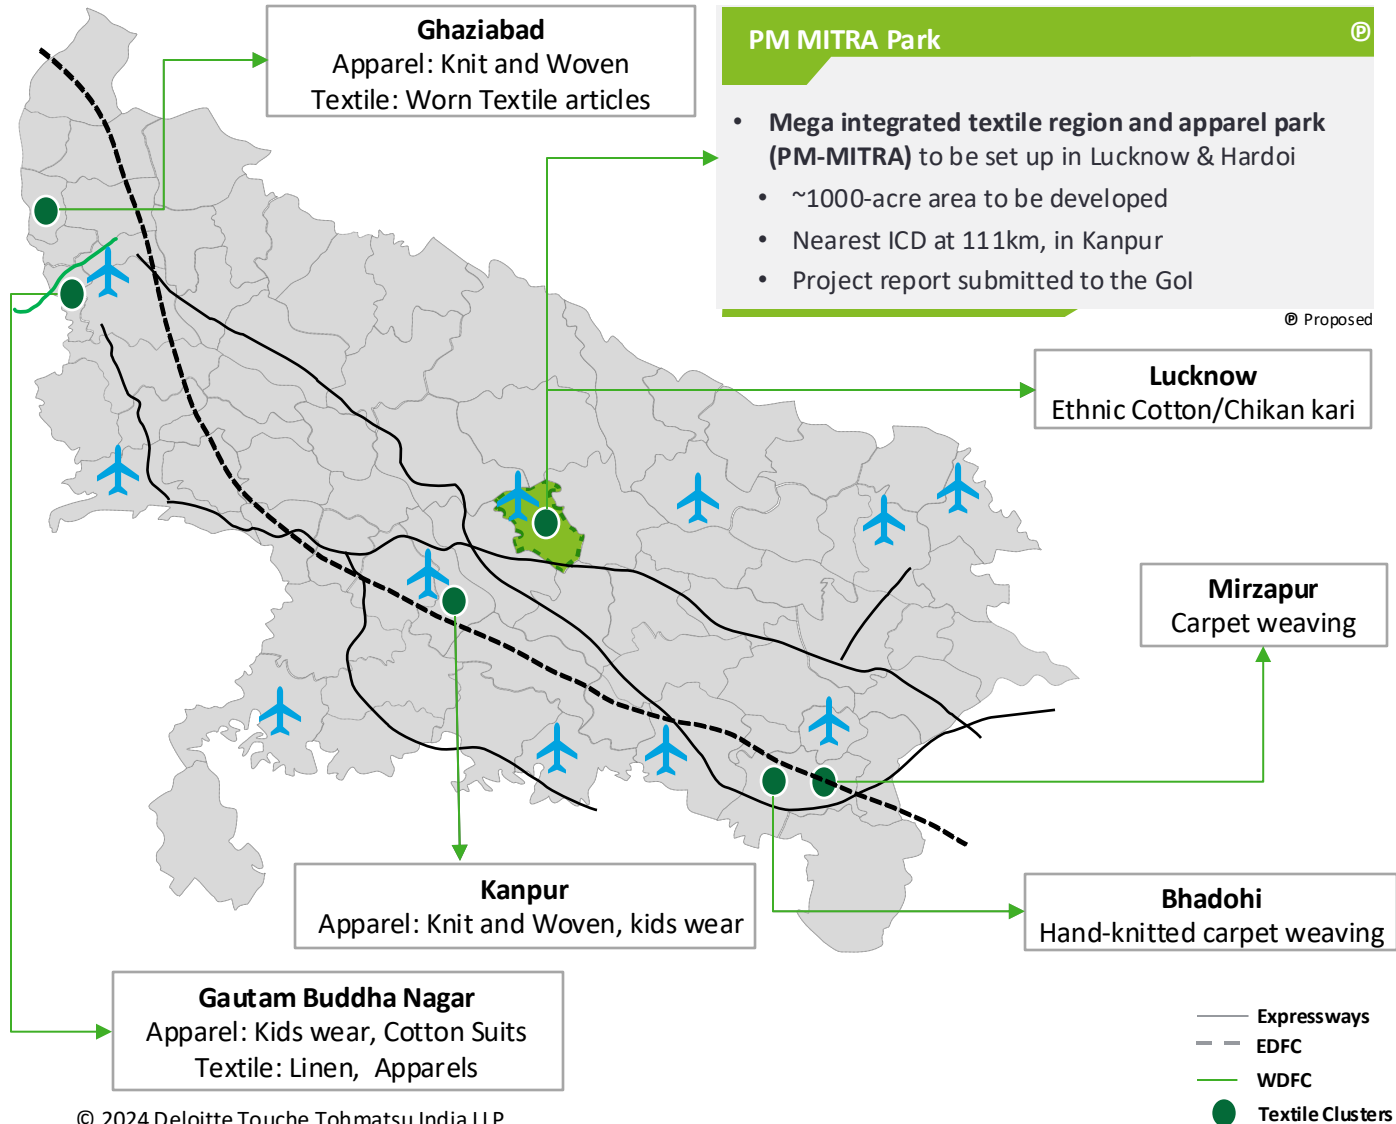

- **Value Chain Opportunity:**
 - **Technical Textile** – Technical Textiles with high growth potential include Sports tech, automotive textile, packaging tech and industrial tech
 - **Home Textile** – State has high potential due to its strong leather base. Top products include bed linen, bath linen and floor textiles
 - **Sericulture** – Focus on sericulture and silk clusters like Varanasi as its imports account for 7% of India's total fiber imports
- **Import Substitution Opportunity:** Potential products include trousers/bibs, dress patterns, shirts, blankets, travelling rugs, etc.
- **Integrated textile parks (PM MITRA)** in Lucknow and Hardoi (1,000 acres)
- **Silk Exchange project** to be set up in Varanasi to facilitate the ready availability of silk to traders and sari manufacturers at reasonable prices.

UP expected to witness more than three-fold increase in its share of exports

Wholesome Infrastructure

UP is #1 State having best-in-class infrastructure with connectivity to industry and economic hubs in India, aiming to accelerate economic growth
