Development of Hotel Infrastructure in Uttar Pradesh

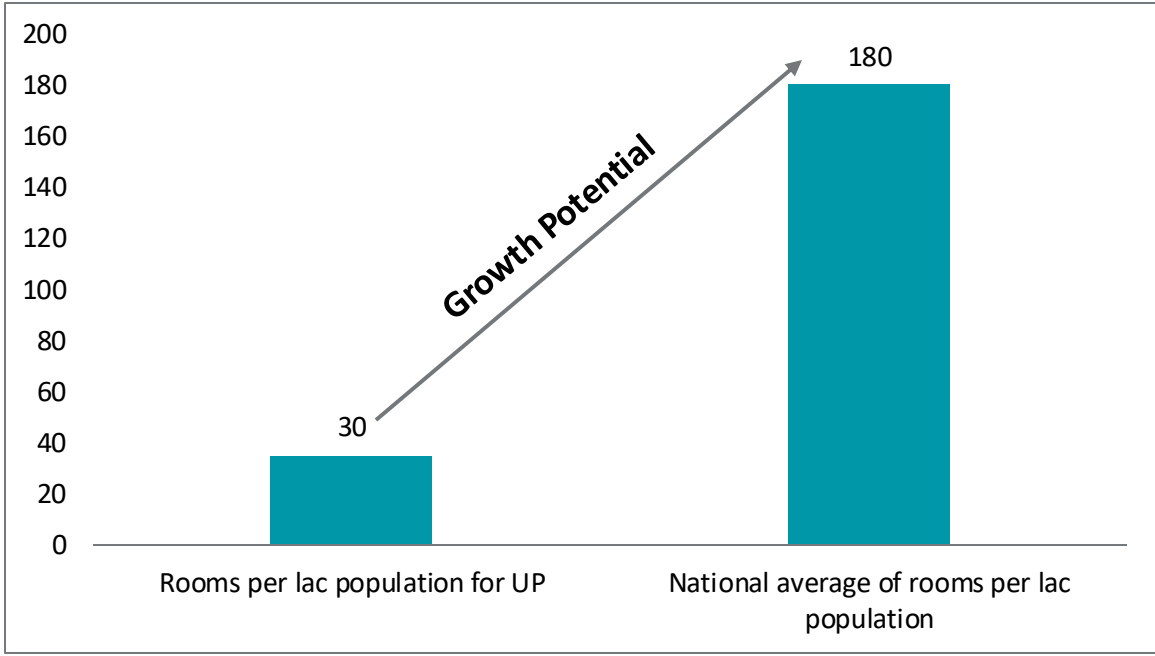

Potential for fast-track growth of Tourism infrastructure and Hotel rooms in the State

UP has emerged as a front runner in terms of facilitating new investments in the hotel infrastructure

As per statistics published by Ministry of Tourism, Government of India, there are about 3,356 number of various category of hotels in the state, aggregating to about 68,411 rooms.

The indicator of rooms per lac population for UP stands at 30 nos. against the national average of 180 rooms per lac population

The State Government grants **industry status to all star-classified hotels, resorts and defined eligible tourism units** that are registered with the Uttar Pradesh Tourism Department. The following incentives / concessions have been provided for under this Policy:

- **Sanction of electricity load on priority** - Electricity Duty shall be charged as per Industry Rates and the same will be applicable with effect from the date of appropriate notification in this regard by the State Government to be applicable to all star-classified and registered hotels
- **Taxes of local bodies** including Nagar Nigam and Jal Sansthan as levied on the industries to be applicable on the tourism units.
- **Hotel and Resort construction** to be permitted in the industrial areas as per the policy decided by relevant industrial authority.

Hotel and Hospitality sector in Uttar Pradesh is thriving and witnessing significant growth

Current Scenario

- Lucknow, Noida, and Agra predominantly host a multitude of **business-oriented / 5-star hotels** to meet the growing demand for accommodations among business travelers.
- **Presence of Major Hotel Chains**

Future Development Opportunities

- **Penetration in Tier 2 and Tier 3 Cities:** As tourism and business activities expand beyond the major urban centers (such as Agra, Lucknow, and Noida), there is a growing demand for upscale accommodations in emerging destinations.
- **Ayurveda Tourism:** UP has a rich tradition of Ayurveda practices. Developing Ayurvedic spas, and yoga centers can attract wellness-conscious travelers seeking rejuvenation and holistic healing experiences..
- **Cultural Events and Festivals:** UP has a rich cultural heritage, and the state hosts several festivals and cultural events throughout the year. Developments in cities like Varanasi, Ayodhya, and Prayagraj can cater to the accommodation needs of tourists attending these events.
- **Eco-Tourism:** UP has several national parks and wildlife reserves, including Dudhwa National Park, Pilibhit Tiger Reserve, and Hastinapur Wildlife Sanctuary. Developing luxury eco-resorts near these natural attractions can appeal to travelers seeking a blend of luxury and wildlife experiences.
- **Scope for development in Ayodhya & Kushinagar:**
 - With the upcoming Ram Mandir and the government's focus on developing **Ayodhya** as a major pilgrimage and cultural destination, increased demand is expected for luxury accommodation options.
 - **Kushinagar** is an important Buddhist pilgrimage site where Lord Buddha attained Mahaparinirvana (enlightenment). The place attracts Buddhists from around the world. Developing a 5-star hotel in Kushinagar can cater to the luxury needs of these tourists and provide a high-quality stay experience.

Investment Opportunities

Investment Opportunity - 1

Development of 6 gate complex entrances across Ayodhya

To meet the growing demand of hotel rooms of tourists (domestic and international), of varying ranges right from budget category to premium categories, along with other hospitality facilities, Department of Tourism, (DoT), envisages to develop an integrated Tourism Zone in Ayodhya, which will cater to the needs of both domestic and foreign tourists.

- The dedicated infrastructure shall provide quality infrastructure needs of both domestic and international tourists. It is envisaged that the “Ayodhya Tourism Zone, Gate Complex” shall be developed in around **5.063 acres of land through private sector participation** as per the PPP Policy of Uttar Pradesh in a phased manner by a Master Developer.

Responsibilities of Master Developer

- 
- Establish essential infrastructure, including roads, drainage, water supply, and power utilities, along with waste management facilities.
 - Create a master plan following Ayodhya Development Authority's guidelines, depicting road networks, open spaces, plot land use, and service areas. Allotment of plots (**around 5 acres each**) to developers will be via transparent bidding managed by the Master Developer, adhering to preset allocation criteria.
 - Develop the comprehensive project across approximately 30 acres of land. The **concession period will span 30 years initially, with the option of extension for another 30 years.**
