# Meerut South RRTS station to get largest parking facility in UP

May 13, 2024, 04.30 AM IST

Meerut: To enhance passenger convenience along the Delhi-Ghaziabad-Meerut Regional Rapid Transit System (RRTS) corridor, the largest parking facility is being constructed at Meerut South station in Uttar Pradesh.

This station will feature two parking lots situated at both entrances on both sides of the road. The construction is almost completed and is ready to serve passengers.

Soon, travellers will be able to travel in Nammo Bharat trains up to Sahibabad RRTS station in Ghaziabad. There will be arrangements for parking about 1,200 four-wheelers and two-wheelers in both the parking lots.

The South Meerut RRTS station will become operational after authorities give a green flag as the trials are complete. According to Puneet Vats, CPRO at (National Capital Regional Transport Corporation entrusted with task of erecting the high-speed rail network), "Special EV charging stations will also be built in these lots. Passengers will be able to charge their e-vehicles at the station while travelling in Nammo Bharat train. There will be a facility to charge both two-wheeler and four-wheeler e-vehicles."
