

Bioplastic park worth ₹2,000cr set to come up in Kheri district

TIMES NEWS NETWORK

Lucknow: In an initiative aimed at combating environmental pollution, Uttar Pradesh has sanctioned setting up a bioplastic park.

Bioplastic, also known as natural plastic, is a type of plastic made from natural materials such as corn, sunflower, or sugar beet.

The park will be developed over an area of 1,000 hectares in Kumbhi village, Gola Gokarannath tehsil, Lakhimpur Kheri district, with an investment of Rs 2,000 crore, said a government spokesperson.

The park will be constructed by the Balrampur Sugar Mill firm while the Uttar Pradesh Expressways Industrial Development Authority (UPEIDA) will serve as the nodal agency for the park's development.
