

U.P. cabinet decision: Now, power boost to data centre parks

HT Correspondent

letters@hindustantimes.com

LUCKNOW : The Uttar Pradesh cabinet on Tuesday approved a proposal to allow supply by two grids to ensure uninterrupted electricity to data centre parks and give customised package of incentives to ultra mega category industrial units.

Chief minister Yogi Adityanath presided over the meeting of state cabinet that decided that the IT and electronics department will bear the cost of one of the two grids (which ever costs less) to boost the investment in the data centre parks.

The respective

data centre park will bear the burden of the second grid under the new provisions. Briefing media persons, minister for finance and parliamentary affairs Suresh Khanna said the state's data centre policy provided for double grid power supply to first three data centre parks. As the state government achieved targets of the 2021 data centre policy five years ahead of

the schedule, it carried out first amendment to the policy on 7 November 2022 and the amended policy provided for double grid power network facility to first eight data centre parks. The target was to set up eight ultra-modern data
